About Pilot Butte

Pilot Butte is the first major residential community located east of Regina. The origin of the community name is derived from the flat-topped hill that served as a lookout and a landmark. A monument was erected on top of the butte commemorating the 100th Anniversary of the community in 1982. The approximate population is 2,700. Pilot Butte is a progressive fast-growing young community that has a multitude of programs, services and facilities for its residents.

The Pilot Butte Community Directory will inform the public on important information about our Town and businesses.

General Info for Residents

SPEED LIMIT

The town speed limit is 40km/per hour unless otherwise posted, ie: school zones & playgrounds.

PARKING

For the winter season, residents MUST remove trailers and any other item(s) stored or otherwise parked on the boulevards. **Vehicles that are being used every day may be parked on the boulevards for periods no longer than 72 hours starting November 1st to April 30th of each year.** The Town has to do snow removal and residents co-operation is required to allow for efficient snow removal. Please **DO NOT PARK on the Town boulevards or pavement,** especially after a heavy snowfall. This will assist in quick snow removal and prevent any possible damage to your vehicle(s).

SNOWMOBILES

A snowmobile may **ONLY** travel in town, from the place of residence or place of business to the closest point of exit, and from the closest point of exit to the place of residence or place of business between 8:00am and 10:00pm.

ATV

All ATV's must be registered with the Town. All ATV owners must adhere to Bylaw 3-2021. All ATV owners must carry proof of liability insurance in regards to operating and All Terrain Vehicle in the amount of a minimum of $200,000.

BUILDING PERMITS

The permit process ensures that minimum safety standards are met to protect you, your family, and your neighbours. It also ensures that construction complies with local building bylaws and zoning regulations. In addition, insurance companies may require proof of the inspection process before insuring any additions or upgrades to your property.

WHEN DO I NEED A PERMIT?

A building permit is required when any structural change or alteration is made to an existing building, or when any new construction is undertaken. Normal building maintenance, such as painting or flooring, does not typically require a building permit; however, separate permits for plumbing, mechanical or electrical work may be required.

If you are planning a residential project that involves structural changes to your home, such as additions or renovations, you will need a building permit. New commercial projects, leaseholds, alterations to an existing building, additions, interior demolition, demolition of a building, or a change of use of a building also require a building permit.

Make sure you understand the building codes and local ordinances before proceeding with any improvement project.

Visit our website at www.pilotbutte.ca to view more information and obtain permit documents.

General Info for Residents

PET LICENCES

The Dog and Cat Control Bylaw is available on the website. The bylaw requires pets to be licensed, this will insure that pets who escape can be returned to their owners. The license is $25 for sterilized pets and $50 for those non sterilized pets; the license being for the lifetime of the pet and not being transferrable to another pet or owner. Dogs and cats are to be contained on the owner's property. It is against the law to have pets running free outside of your own property. This means that you cannot open the front door and allow your pet out to defecate in the neighbourhood at will. When walking your dog, please have them on a leash and be prepared to pick up any droppings. Please also collect droppings on a daily basis in your own yard, particularity in the hot weather, so as not to interfere with your neighbour's enjoyment of their own back yard.

Barking disrupts the peace of the neighbourhood. If your dog is new to Town and is left outside while you are away during the day, you may not be aware that they bark frequently. Please try to ensure that your right to have dogs outside on your property does not infringe on your neighbours right to peaceful existence.

Pet license forms are available on the website at this link https://pilotbutte.ca/pets though you will have to come down to the Town Office to collect your tags. The tag holds a number only and does not reference either you or your dog by name, phone number or address.

MAILING ADDRESS

You will need to sign up for a post office box, in person at the post office. They will require a document showing your name and the property address on it as proof of ownership, as well as ID verification. Once you have a PO Box, please advise The Town so we can update our records accordingly. You can also submit your new/updated contact information on our website: https://pilotbutte.ca/update-your-contact-info

The Town offers e-Notices as an alternative to mailed notices, and uses a program called the Customer Portal where residents can view current utility and tax notices, as well as previous notices (since your e-notice sign-up date), payment receipts, and current balances! When e-Notices are available, an email is sent notifying you a new document available to view on your Customer Portal. The email will also contain brief details of the notice (for utility notices only- account number, bill amount and current account balance) with a link to the website to view the notice in full.

Visit our website to learn more and how sign up:
